

**Syllabus – Winter 2025 (Section 825, Class Number 1101)  
(12/30/2024 – 01/18/2025)<sup>1</sup>**

This course is developed by Dr. [Suman Majumdar](#), Associate Professor of Statistics at the University of Connecticut, and is facilitated online using [HuskyCT](#), UConn’s Learning Management System powered by Blackboard Learn, and [WebEx](#), UConn’s Video Conferencing Platform powered by Cisco Systems.

Any content not created by the developer is used with permission of the copyright holder.

For HuskyCT technical support, during regular business hours contact [HuskyTech](#). You also have [24x7 Course Support](#) including access to live chat, phone, and support documents.

Excluding materials for purchase, syllabus information is subject to change. The most up-to-date syllabus is located within the course in HuskyCT.

**Course and Instructor Information**

**Course Title:** Elementary Concepts of Statistics  
**Credits:** 4  
**Format:** Online Asynchronous  
**Recommended Preparation:** MATH 1011 (Introductory College Algebra and Mathematical Modeling)  
**Instructor:** Dr. [Suman Majumdar](#), [WebEx Personal Room](#), (203)286-5631

[E-mail](#) is the best way to reach me. While I am able to respond to student e-mails promptly most of the time, **please note that in our discipline exchange of e-mails is almost always a poor and inefficient method for answering content related questions**. As such, I strongly encourage you to come to a scheduled office hour or make an appointment to discuss such questions.

Starting with 12/30/24 and ending on 01/18/25, I will be holding office hours every day in my [WebEx Personal Room](#) from 11:30 AM to 12:30 PM and again from 8 PM to 9 PM. Above and beyond these regularly scheduled office hours, during the term I will typically be available to meet with students in my [WebEx Personal Room](#) by appointment between 1 PM and 5 PM. Any request for an appointment must be submitted by [e-mail](#) at least 12 hours in advance. Technology related issues may necessitate moving some of these meetings to the [Zoom](#) platform.

If you have a time sensitive question, please don't hesitate to call me. If your call is not answered, please leave a voicemail. If you leave me a voicemail, I will get back to you as soon as possible.

This space is intentionally  
left blank.

<sup>1</sup> Winter 2025 term ends on 01/17/25, but the last three assessments are not due until 01/18/25.
